1. In accordance with the announcement by the Ministry of Higher Education Malaysia dated 16 July 2020, Universiti Putra Malaysia (UPM) will resume face-to-face teaching and learning (T&L) activities for undergraduate and postgraduate programs for the first semester 2020/2021 academic session which will begin on 19 October 2020, as per UPM Internal Circulation dated 4 September 2020.
2. However, due to the travel restrictions imposed by the Government of Malaysia to certain number of countries and limited flights to Malaysia, the Faculty of Computer Science and Information Technology has received many requests from the international students to continue their studies virtually. Any students who have difficulties to attend the virtual classes are requested to apply for a deferment.
3. This circulation is only applicable for international students at the Faculty of Computer Science and Information Technology. Local students are required to return to the campus for the coming semester in October as per previous circulation.
4. International students from other countries (not in the restricted list) can still return to Malaysia, but must strictly follow the guidelines as per previous circulation. The guidelines are also available on the Putra International Centre's website <https://intl.upm.edu.my/>.
