Outbound Mobility
Programmes

Student Mobility Program (Outbound) provides opportunities for students to gain experience of UPM education by following any academic program offered at universities outside Malaysia.
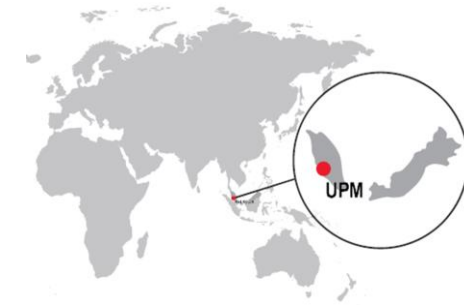

The objectives of Outbound Mobility:
- Expanding the educational experience for UPM students;
- Provide opportunities for UPM students to understand the field of endeavor;
- To enable UPM students to practice what they have learned and practiced;
- To train students as UPM ambassadors and Malaysia ;
- Gain knowledge and brighten UPM students to become competent graduates, the originator of science and scholarship catalyst respected.

Types of Outbound Mobility:

- Exchange programme (1 or 2 semesters)
- Short term programme (2 weeks or more)
- Internship (2 weeks to 6 months)
- Industrial Training (2 weeks or more)
- Research attachment (2 weeks or more)
- Visit (less than 2 weeks)

Students in FCSiT are encouraged to grab the chances to have additional educational experiences to enroll academic courses from outside universities!
